that provides process
intelligence

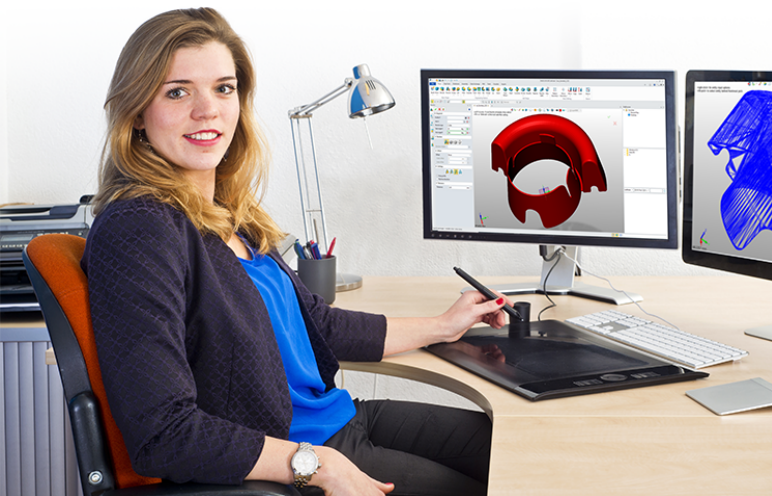

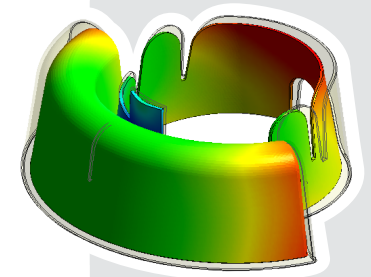

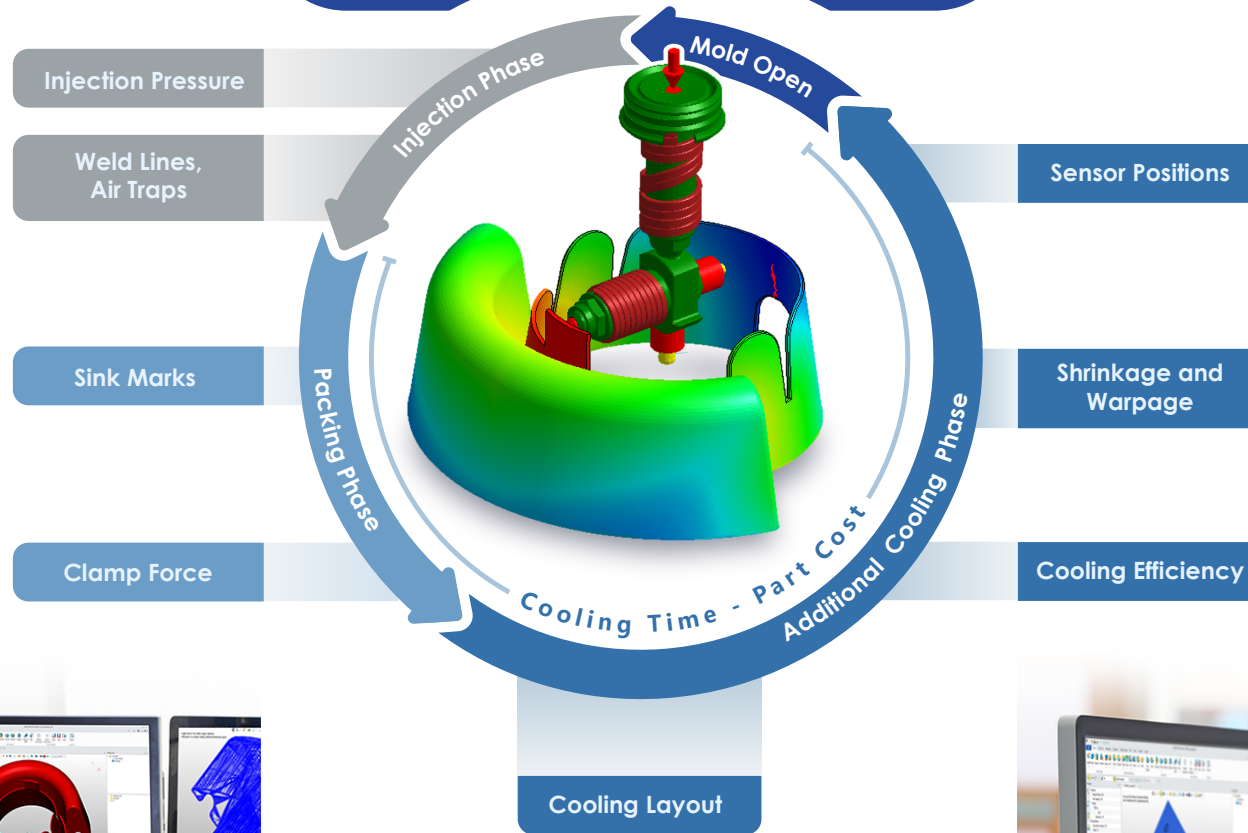

Simulation shows

► DFM (Practical Design)

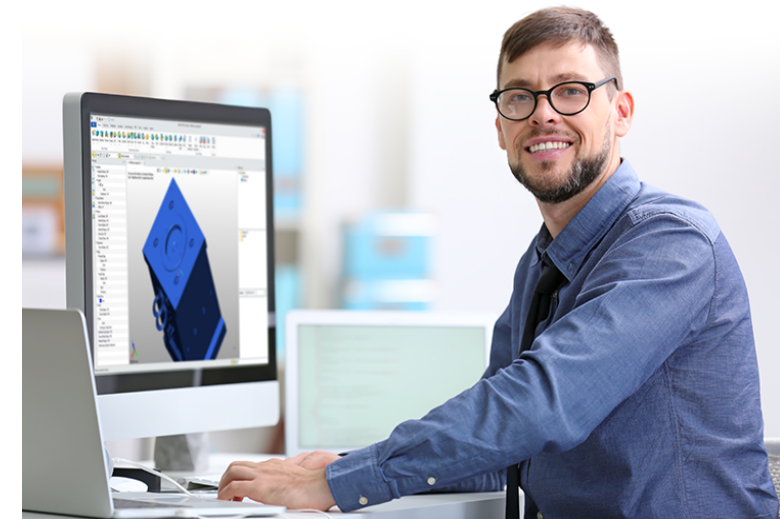

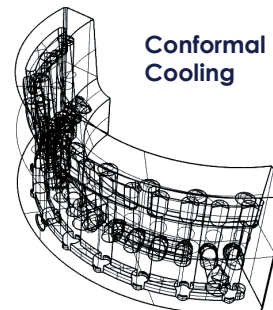

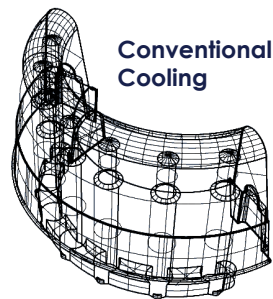

More than 25 years of practical experience lead to clear suggestions and solutions.

Quality insured by:

- Our expertise on Cadmould, Moldflow, Moldex3D
- Research in our own lab
- Continuous software skill development
- Double checked expertise

Part Designer

Mold Designer

- DFM-based expertise
- Practical solutions
- Favorable fixed price
- Fast and reliable
- Predefined datasheet
